Class of 2023

A note from

THE PRINCIPAL

Dear Bengals,

You started high school in the pandemic, with your entire sophomore year held virtually. We learned how hard it was to learn over zoom, and how significantly being remote affected the bonds that tie our community together.

This year you worked hard this year to make up for your year and a half of remote learning. You joined our teams - making state tournaments and having fun along the way. You dove into your classes this year - most of you earning well beyond the minimum for graduation. The flexibility, persistence, and resilience you learned though your high school years will serve you well throughout your careers; throughout your life. I congratulate you and applaud you, and wish you the best of luck and great fortune in the years yet to come.

Mr. Bott

Mr. Bott

Assistant Head of School:
Mr. De La Rosa

Congratulations seniors on yet another amazing accomplishment. This class has brought us great joy and pride in our Brighton community. From leading the football team to a city championship to winning the national tournament for Debate en Español, you have exemplified what it means to be a Brighton High School scholar and now alumni. You are all destined for greatness and we can't wait to hear about all the amazing things you will do in the future.

Mr. De La Rosa

Assistant Head of School:
Dr. DeBarros

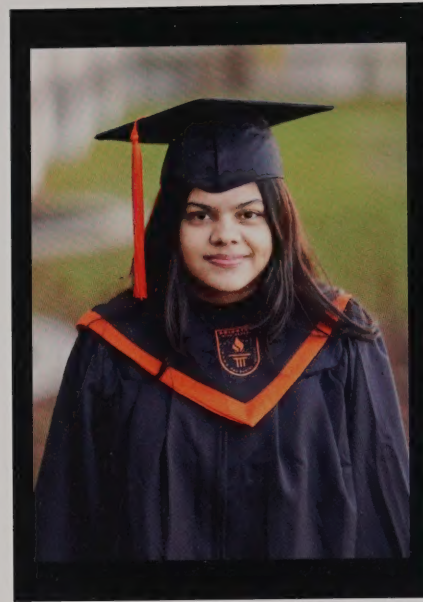

Dear Class of 2023,

We want to express our gratitude for the positive energy, joy, laughter, and sense of community you brought to the Accelerated Diploma Program (ADP). We will miss you in the (ADP) classrooms and hallways, as you left a mark on our community. We are thrilled, however, that you have received the invaluable gift of education from those who believe in your potential. This gift will be a source of strength when you encounter obstacles in your future endeavors. As you move forward, we'd like to share a quote from the renowned athlete Michael Jordan. He once said, "I realized that to achieve anything in life, I had to be confident and actively pursue it." We urge you to adopt the same mindset and keep striving forward with confidence because you have what it takes to succeed!
